

WE HELP YOU WORK BETTER, FASTER, & SMARTER!

WHO WE ARE?

EGS Enggist & Grandjean Software (EGS), started over 30 years ago and since then we have developed our intelligent web-based solution for commercial kitchens, EGS CALCMENU Web, so our clients can focus on what's important, the food!

WHAT WE DO?

We specialize in modernizing the way you do recipe management and optimizing your foodservice workflows. Our solution helps you manage food costing, recipe consistency, supplier pricing, HACCP, nutritional information, and even food wastage.

RECIPE MANAGEMENT SIMPLIFIED

Encode and store all your recipes in one place.

QUICK RECIPE ANALYSIS

Accurately analyze nutritional information and allergens for all your dishes.

IMPROVED COST CONTROL

Instantly calculate and track costs when creating recipes.

ALWAYS LEGISLATION COMPLIANT

Comply with food law and labeling regulations by tracking nutrient & allergen information.

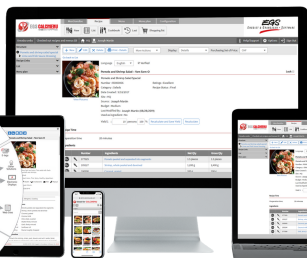

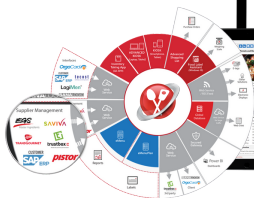

EGS CALCMENU WEB

EGS CALCMENU Web is our web-based solution that gives you access to our powerful modules: Merchandise, Recipe, Menu and Menu Plan Management.

KIOSK FOR CALCMENU

EGS CALCMENU Web also features a free application, Kiosk for CALCMENU, that lets you access recipes online anytime, anywhere.

This is a great tool for users who do not need to modify recipes but need to view, share, resize recipes, create shopping lists, and print labels.
